I live at Jamna, P.O. - Rai-Jamna, Dist. - Hooghly. My ~~very~~ economical condition is very poor. My family income is Rs. - 2000/- per month from all sources. Even my father has suffered from heart disease and last year an operation has been done at SSKM hospital.

Our Higher Secondary exam's result has published on 29.05.2015. I have got 412 marks out of 500. I have completed my 1st semester examination on 21.12.2015.

MUKTI has started to give me some financial support to proceed my carrier for continuing studies. If MUKTI extends their helping hands in this way, I can fulfill my dream being a good civil engineer. After establishment, I will also stand beside the needy students who are suffering in poverty like me. If you kindly help me in this matter, I will be grateful to you forever.
