Respected Saswati Sinha Mishra

Madam,

Thank you for your great achievement and activities for which I am going to continue my studies.

Your financial assistance is too much helping me in study like book purchasing, tuition fees and for other study materials.

So, you are nothing but a sign of God to me. Hope, if I shall establish in my life, it will be possible only for your kindness and inspiration by helping financially.

With regards from my heart.

yours faithfully
