Sub: Owing Gratitude For Your Kind Favour

Sir,

With due respect and humble submission I want to draw your attention to the fact that I am awarded Mukti scholarship under your sponsorship in this session .I am now studying at Jadavpur university (mechanical engineering first year).I completed my 10+2 level from Al-Ameen mission .There I got a lot of financial support from authority as well as from my teachers .my family income is very poor as my father is suffering from bronchitis for last ten years .My mother hardly manage the family expenses by private tution.My condition would be miserable to handle all my hostel and academic expenses at Jadavpur university if I would not get this scholarship.

After getting money from you by two instalment, I have paid my hostel expenses and bought some necessary books which will help me to score better .Besides, I have a wish to take coaching for GATE for which large amount of money needed.I have planned to accumulate some money from now so that I can face the large amount and obviously I hope Mukti scholarship will help me in this work.

Under this circumstances, I request you earnestly to continue your help to me so that I can fulfil my dreams and aspirations and help my family as well as my backward society in future.I hope you must understand my situation and broaden your helping hand to serve a needy student like me.I shall be ever grateful to you.

Yours obediently
Tarik Hassan
