Sub:-Thankfulness for the enormous financial help to pursue B-Tech degree in Electrical Engg.

Respected Sir,

With due respect I LALTU SAU Vill+Po-Satpati;PS-salboni Dist.-Paschim Medinipur beg to state that I have completed my graduation degree in Electrical Engg. from Jalpaiguri Govt.Engg.college with the help of "TALENTED STUDENT SPONSORSHIP" scholarship from MUKTI for the year 2014-2016(3<sup>rd</sup> & 4<sup>th</sup> year in my discipline).I am very much thankful to MUKTI for support me in my bad time.The economic background of my family is so poor that it is not possible for them to bear all my expenditure of my studies (hostel and mess fees including book prices).I want to share some previous facts of mine about MUKTI.Actually I had applied for this scholarship in class XI in the year 2010.But I did not get this on that time .That time was very tough for my family to support my higher education in the means of expenditure.But I did not loose my hope. I again send a application for TSS in 2<sup>nd</sup> year of my course .But I didn't get that for 2<sup>nd</sup> year.Atlast ,I selected for this scholarship in 3<sup>rd</sup> year which helps me a lot to survive in this condition.I paid my college fees with this amount . The auto renewal process helps me a lot because it allow me to pay my college fees.

This time I have completed the 4 years course of B-Tech in elect. Engg. Department. So, in this circumstances I am very much thankful to you for all the supports of you in my very cruial time.

Future Plans: In this situation I have some specific plans to execute but due to lack of time they are all happened in real time. So I have to spare more time in that particular occasion not changing my plans either way.I want to do M.TECH in power engineering .I have to prepare for cracking Gate exam next year 2017.

HELP MUKTI:-It is obvious that I am very much eager to help the organization in many a way .So atfirst I have make a mark in my career then the rest will be happened.

Thanking you.

Yours sincerely,

Laltu Sau
