SUB: OWING GRATITUDE FOR YOUR KIND FAVOUR

Sir,

With due respect at the very beginning of this letter I want to thank you a lot for your continuous patronage in my study and also I am very grateful to you and Mukti foundation for the blessings and good wishes that are inspiring me to shine in academic life.I am now reading in 2nd year(4th semester) mechanical engineering at Jadavpur University.

Probably you know that my father is suffering chronic bronchitis disease for last fifteen years and as time going on he is becoming more weak and feeble. My mother hardly manage the family expenses by private tuition. Often she becomes puzzled how to maintain all thing only by this little income. My elder sister is taking coaching of WBCS examination for which the expenses has increased to a large scale.My mother has lent some money from my maternal uncle for her coaching purpose.I often think and get astonished that It would not be possible for my family to bear my expenses had I not got this scholarship and such type of university where meritorious students can pursue their education at a very low cost.Having got the last instalment from you I have bought some books(machine design,theory of machine,manufacturing process etc) and 3kg exercise book from college street .I have also paid one month's hostel charge by the help of this money.I have been trying to accumulate some money from last year for my GATE coaching purpose but I have realised that it is impossible for me to manage 75000 rupees which is needed for admission in MADE EASY coaching centre.

Again I say that your fund is playing a very crucial role to cope up with all financial problem in my life.From my childhood I have brought up in a poor family so I am well aware of the difficulties that a student experience as a member of this family.So I do not want to be a distinguished engineer only but also an ideal philanthropist and a shelter of hope for hopeless.Only then I can take pride in myself and feel that my life has not gone into vain.I do not want to elongate my words further.Last but not the least ,I earnestly request you to continue your help towards me so that my arduous journey becomes easier for me and I can reach my desired goal .I will be ever grateful to you.

Yours Obediently
Tarik Hassan
