AIDUCATE NOW,

MUKTI, USA

Sir,

I am Anpita Ghosh. I have completed my respective M.Sc Degree in Chemistry in this running year from The University of Burdwan. When I was admitted in class XI in Science stream, it became difficult to continue my studies, then MUKTI, stood beside me. From 2010 to 2017, they have given the sponsorship allotted for me according to my examination performance. I have received my disbursement in proper time and it was utilised for my study purpose. Now, I am a student of Birita Mohanta College of Education (B.Ed). In future, I want to be a good teacher. When I could be able to make my position, I would also help an another needy student. Surely, I will join with 'MUKTI'.

I am very much thankful to those who sponsored me during seven years of my educational journey.

Tanna, Hoogly.
