*SUB: OWING GRATITUDE FOR YOUR KIND FAVOUR*

---

Sir,  
With due respect at the very beginning of this letter, I want to thank you a lot for your sponsorship and help in my study and also I am very grateful to you and Mukti foundation for the blessings and good wishes that are inspiring me to shine in academic life. I am now reading in 3rd year (6th semester) MBBS at JNM College and Hospital, Kalyani. My father is a farmer and so he hardly manages the family expenses. Often he becomes puzzled how to maintain all things only by this little income because not only me but also he has to bear the expenses of my brother who is in class eleven. My mother has to give private tuition for relieving my father's burden. I often think and get astonished that it would not be possible for my family to bear my expenses had I not got this scholarship and such type of government college where meritorious students can pursue their education at a very low cost.

Having got the last instalment from you I have bought some books for the 6th semester as my classes will commence within few days and 3kg exercise book from college street. I have also paid one month's hostel charge with the help of this money. I have been trying to accumulate some money from last year for my M.D coaching purpose but I have realised that it is impossible for me to manage around 100000 rupees which is needed for admission in coaching centre.

Again I say that your fund is playing a very crucial role to cope up with all financial problems in my life. From my childhood, I have brought up in a poor family so I am well aware of the difficulties that a student experiences as a member of this family. So I do not want to be a distinguished doctor only but also an ideal philanthropist and a shelter of hope for the hopeless. Only then I can take pride in myself and feel that my life has not gone in vain. I do not want to elongate my words further. Last but not the least, I earnestly request you to continue your help towards me so that my arduous journey becomes easier for me and I can reach my desired goal. I would be ever grateful to you.

Yours Obediently
