Subject- Thankgiving letter

Sir,

I, Anka Sen, want to thank you for giving us an opportunity to ~~for~~ focus on our life's objective. I would like to thank my ~~sponsor~~ sponsor, Dr Pradeep Kumar Ray ~~and~~ who is like my mentor along with Mukti to supporting me during these dark times.

As for me, my 4th semester have been over and by the next month, my college is going to start. As my college is getting over this year, I'm trying to focus on competitive exams as I want to apply for WBES, or any kind of government service. I'm also applying for internship and in order to increase my vocabulary, I have joined my college debate club.

In the end, I would thank Mukti for giving me this opportunity to focus on our study and to helping student like us to succeed and teaching us how to help our society if there is any need.

Thanking You  
Yours Faithfully  
Anka Sen
