Ms. Ruchira Mandal
MUKTI
Mam,

Hope you are well. I am fine and safe here.

I am continuing my bachelor in chemistry under Presidency University, Kolkata. I am in 2nd year, semester 4 of my bachelor degree. Due to prolonged lockdown, caused by corona pandemic, Universities and colleges are decided to be remained closed and college classes are recommended to be held online. My 4th sem exams will be conducted online within few days. Nowadays, I am busy in the preparation of the exams. My family consists of 3 persons, Me, my mother and my brother. I lost my father last year. My mother runs our family anyhow after demise of my father. Lots of financial issues and other difficulties arise nowadays in our family. In this circumstances your help is incredible for me. The scholarship helps me to bear all my study expenses, from buying necessary study kits to bearing tuition fees. Thank you a lot for helping me this way. I am grateful to you for keeping belief in me. Thank you MUKTI.

Lots of regards. Stay safe.

Yours affectionately
Priyanka Singh
