

To

Mr. Aducate

Respected Sir,
This letter is to pay towards all your kind wishes and financial aid towards my dream, my education. I am studying on Bsc. nursing (1st year) in College of Nursing, Asia Heart Foundation, Kolkata; mother institution Rabindranath Tagore International Institute of Cardiac Sciences, Mukundapur. I make my dream to come true. Without your help it is not possible for me. Your monetary token are really helpful as a stepping stone towards the goal that I dream for.

During this pandemic, our institution takes online viva and I perform really well. But there is not any marksheet which I can give you. Recently we rejoin our college and give my midterm as well. After that, I can submit my result. Once again, I would like to thank you and organization 'Mukti' for such a kind initiative and for helping us. I should be grateful if you don't cancel my fellowship.

Yours sincerely,

Sulagna Sahoo
