Sub- Thanking Letter

Madam,

I am Tanwi Podder. Now I am reading in class 12 at Kamala Girl's School in science stream. I have received your distribution and I would like to show my special thanks and gratitude to you for supporting me to continue my study. As I passed class 11th standard without giving examination so that I cannot submit my marksheet.

I am very thankful for helping me to reach the goal.

— Yours Truly,
Tanwi Podder.
