

Dear Ma'am

With due respect I want to thank you for sponsoring me a scholarship via MUKTI FOUNDATION. I am Suman Porel, a student of Jadavpur University, currently I'm pursuing Bachelor's of Chemical Engineering .I am very much thankful to you, the way you have supported me. In the present COVID -19 situation, the financial condition of my family has become worse than earlier. So the support from you encourages me to continue my studies without any financial disturbance. Because there are some problems in studying from home like connectivity, continuously recharging my phone, buying books, which I can't borrow from the library.

At this present time I just completed my 2nd year 2nd Semester in June of 2021. . And now we are continuing our 3rd year first semester from July according to the given curriculum. But they do not publish our 2nd year 1st semester and 2nd year 2nd semester report cards yet. As soon as I get those I will forward it to you. But at present time I have my 1st year 2nd Semester report Card which I attached with this mail. And as I receive my 2nd year report card I will inform you.

Your generosity has inspired me to help others and give back to the community. I hope one day I will be able to help students achieve their goals just as you have helped me . Thank you.

Yours gratefully Suman Porel.
Jadavpur University.
