

08/02/22,

To

GrSCA scholarship donor(s),

Thank you for the opportunity to receive the GrSCA scholarship through 'NUKTI' organisation during the 2021-22 academic year.

My name is Nilay Hazra and I am currently in the 3rd proff of my MBBS course. After MBBS, I would like to seek employment to one of my local health centers and serve common people. I want to inspire those needy students to pursue their dream and help them to overcome their financial difficulties.

Finally, I want to thank again to my scholarship donor. I am grateful to them because I am able to focus on my study for their support. I hope in turn one day I will be able to give back and help other students to achieve their goal.

Sincerely,

Nilay Hazra.

(3rd proff MBBS student,
Burdwan Medical College)
