

To,
Mr. Angshu Sett

Respected sir,

With due respect I beg to say that I am Purnima Sahoo, 3rd year GENM student of Barasat District Hospital. I joined the Mukti in December, 2021.

My father cultivate a small amount of land and worked as a day laborer. It is not possible for my father to pay for me and my brother's education. In this situation your cooperation has helped me a lot in my study. So the more I thank you, the less it will be. In addition, the social work of the Mukti has inspired me a lot and taught me to help others.

The second year exam is not done yet because of COVID situation so I am just giving the marksheet of the first year exam.

Thanking you

Your's faithfully
