Respected sir,

Hope you all are well by the grace of God.

I'm Suján Mondal from Sundarban. In the present time, I'm studying in class XII in pure science stream in Krishnachandrapur High School (H.S). I want to be a doctor in future.

My parents were very worried about continuing my studies cause of our economical imbalance. But now they are happy and free. It has only been possible because your blessed hand is on me. Now, there is no difficulties at continuing my studies and I'm preparing for upcoming H.S Examination.

I and my family are grateful to you and 'Mukti' also for your generous contribution.

I promise that, I must support the needy students so that they can defeat their obstacles and become great.

Thank you for being by my side in every time. I thank you and 'Mukti' again for their dedication at every level of society.

Yours sincerely
Sujan Mondal.
