SUB: Thanks Letter

Respected Sir,

Most respectfully I beg to state that I am
Chaitali Paikista, 3rd year GNM Student of Jhargram District Hospital.
I joined the MUKTI in December

Since childhood my dream is to be a nurse. The financial crisis stood obstacle in the way of my dreams. The money my father earns from working as a laborer does not sufficient for my family. In the meantime my father had a big operation in 2011..... Later my father got better but he can't work like before ---- as a result my financial situation completely collapsed. So, it is not possible for my father to pay for me and my sister's (class - XI) education. In this situation your cooperation has helped me a lot in my study. So the more I thank you, the less it will be.

In addition, the Social work of the MUKTI has inspired me a lot and thought me to help others. The second year exam is not done yet because of COVID situation. So I am at just giving the marksheet of the first year exam.

Date: - 7-02-2022.

Sincerely
Chaitali Paikista.
