

31/01/23,

To

GSCA Scholarship donors,

Thank you for the opportunity to receive the GSCA scholarship through 'MUKTI' organisation during 2022-23 academic year.

My name is Nilay Hazra and I am currently in the 3rd professional part 2 (final year) of my MBBS course. I am from poor family and I faced a lot of difficulties during the journey of my ~~career~~ career. This scholarship helps me to overcome the financial difficulties and encouraged me to pursue my dreams. I would like to serve those needy students like me to pursue their ~~dreams~~ dreams in future.

Finally, I would like to thank again to my scholarship donor. I will remain grateful to them forever as I am able to focus on my study for their support. I hope in turn one day I will be able to give back and help other students to achieve their goal.

Sincerely,

Nilay Hazra
