Sir,

I am Tanu Jaiswal , a student who is in debt of your gratitude for helping me financially through your NGO "Mukti". Presently I am pursuing B com Hons. in Accountancy from Seth Anandram Jaipuria College in Morning shift , right now I am in 3rd semester.

Now, coming to my family background there are five members in my family including me . My mother is a housewife and my father is a daily payment worker in a factory and my younger sister is studying in class X . We live in a slum area in Kolkata.

My academic studies are going well. I also enrolled my name under the CMA course and cleared Foundation with 84% and enrolled my name for Intermediate . Firstly I decided to give both the groups on June 24 but on October 23 I suffered from chicken pox for one month which caused a huge delay in my studies so I decided to give the exam with a single group in June.

I am trying my best to improve my academics and crack the exam and prepare myself for the current situation and to choose the right path in my life. With your help in my past and present, I have learnt the importance of a supporting someone and today I hope that in future I could become a support in someone's life just like

you did in my case. Thank you sir once again for all your kindness, I am lucky that the one above us have sent you to me.

Thanks and Regards

Yours truly,

Tanu Jaiswal
