Sub: Thankyou letter

Respected Mam,

I am truly thankful to you for the Mukti scholarship. With the help of your general contribution, I am now able to continue my entrance exam studies along side with my board exam studies.

At present, I am studying in 12th grade. Back in 11th grade when I applied for the scholarship I was facing difficulty in arranging the fees of my course. But because of your help, I will be comfortably continuing my studies.

Without your help it would have been impossible to continue in the way of achieving my dream. I once again thank you for your generous help. I would always be grateful to you.

Thankyou once again

Your sincerely,

Subham Ghosh
