Subject : Thank letter

Respected Sir,

This letter is to pay towards all your kind wishes and financial aid towards my dream, my education. I am studying on B.Sc (N) 4th year in College of Nursing, R.N. Tagore Hospital, Kolkata. I make my dream come true. It is not possible without your help. Your monetary token is really helpful as a stepping stone towards the goal that I dream for since 2018. Our greatest organization "Mukti" is facilitated this scholarship for me.

So, by december, 2024 I would completed my final university examination and I will send my result copy as soon as possible I get. I would like to thank you and our great organization "Mukti" for such a kind initiative and for helping us. I had pursued my graduation with your kind help, so I never forget that contribution. Thanking You.

Yours sincerely

Sulagna Sahoo
