Civil Engineering from Jadavpur University  
U.G-II, am having some problem in my  
feet since my birth since then my  
family spend so much for my treatment  
though after this treatment some  
problem in my feet stay remain. But  
now due to huge expence of my current  
higher study its very difficult to  
continue my study without any scholarship

I am very grateful to say you that  
with the help of your sponsor, I have  
successfully continued my past one year  
and in this way I am also dreaming  
my next year to keep myself as a

So, from my current scenario, I am earnestly  
requesting you to arrange the scholarship  
next year also to continue my studies.

Yours faithfully
